

7 TIPS TO GET YOUR HOME READY FOR SUMMER

As the weather heats up, these seven maintenance tasks will make sure your home and garden are ready for the summer.

1. Give the AC unit a tune-up.
2. Clean outdoor furniture and BBQ.
3. Pressure wash your home and driveway.
4. Wash the windows inside and out.
5. Reverse your ceiling fans so that they spin counterclockwise.
6. Spread mulch around your plants.
7. Check the deck for splinters and nails.

IS YOUR HOME SUMMER-READY?

Setting up your outdoor space before it's too warm to do anything but lounge about drinking sun tea will help ensure your summer is an enjoyable one.

If you're thinking about making updates to your home or moving this summer, call me to discuss the financing options available to you.
